After an official review of the scores and entries and the fact the Traveling Team Award goes to the company team with "four" drivers or more it was found that FedEx Express did have four drivers, reason is that one of the drivers entry form did not list him as FedEx Express, although it was noted during registration ... it never was corrected in the scoring system.

Therefore FedEx Express name shall also be added to the Traveling TEAM Award Truck Since these two companies are sister companies we're sure they will find a way to share the AWARD!

Please accept my apology.
